

What is Country Garden?

COUNTRY GARDEN is a powerful air-freshener with the lingering perfume of honeysuckle and roses.

Key Benefits

- ✓ Perfume Concentrate
- ✓ It will outlast conventional reodorant detergents
- ✓ Provides a solution to both highly-ventilated and poorly-ventilated problem washrooms where a lingering perfume is required

How Does It Work?

COUNTRY GARDEN Air Freshener Concentrate is designed to provide a lasting fragrance in areas where normal detergent and disinfectant perfumes sooner than desired. COUNTRY GARDEN is a super-strong perfume concentrate which is spirit based. It has a pleasing floral fragrance which lingers for many hours, even days.

For Use On...

Primarily for toilet cubicles and washrooms, COUNTRY GARDEN may also be used in waste and garbage holding or disposal areas to mask undesirable odours. COUNTRY GARDEN may even be used after cleaning to let your customers know you've been and that their home or office is clean and fresh.

Technical Data

Properties

COLOUR – Transparent fluorescent pink liquid

ODOUR – Floral perfume

pH = N/A

CAUTION – Flammable liquid

COUNTRY GARDEN is a Class 3 flammable liquid.

U.N. No: 1170	CLASS: 3
PACK GRP: II	HAZCHEM: 2YE

Environmental Care

COUNTRY GARDEN conforms with all statutory environmental requirements. It is based on safe ingredients selected to perform efficiently so there is no waste or damage. COUNTRY GARDEN containers will be cleaned and reused if returned to Agar Cleaning Systems Pty Ltd., significantly reducing plastic usage and waste. They can also be recycled.

Quality

The design, manufacture and supply of all Agar chemical products is controlled by the Agar Quality Management System which is registered and externally audited by SAI Global as complying with the requirements of AS/NZS ISO 9001 "Quality Management Systems – Requirements".

First Certified: 30 April 1996 SAI Certificate No.: QEC7358

Application

- Using a finger or trigger spray, apply a couple of 'squirts' on the floor or wall behind the toilet and near the urinal or basins to leave a lingering fragrance.
- Avoid spraying on floors where people walk or on any surfaces subject to skin contact.
- Avoid spraying near pilot lights, flames or other ignition sources.
- Apply strategically in other rooms, for example, spray in opposite corners.
- A couple of squirts into a garbage bin will mask unpleasant odours.
- Note that a residue will exist for a couple of days but will gradually evaporate. This residue is necessary as it provides the perfume source.

Disposal Information

1. Used solutions -

Used Solutions of COUNTRY GARDEN should be poured into a drain or trough that leads to the sewer system or a septic tank. These systems have a method for treating and breaking down the waste. Used solutions of detergent should not be poured into stormwater drains or down driveways as these drains are designed for rainwater and ultimately lead to the local river system.

2. Unused product

It is best to keep the product and use it up! If this is not possible, try to give it to someone who can use it. (Make sure the product is in its original, labelled container).

If there is no alternative but disposal, it is safe to pour modest quantities of this product down the drain (to sewer) with running water. Leave the cold tap running for a few moments afterwards as this dilutes the product and reduces the concentration in the wastewater.

Remember, do not mix different cleaning products together during disposal!

Product Data Sheet

Product Code: COU

Issued: June 16, 2025

3. Empty packaging

Bottles and drums

Our 5L and 20L bottles and drums are made from HDPE (polyethylene) or PET which can be recycled. You can dispose of these containers via the kerbside collection program or other recycling system. COUNTRY GARDEN containers will be cleaned and reused if returned to Agar Cleaning Systems Pty Ltd, significantly reducing plastic usage and waste.

Cardboard cartons

Used boxes should be flattened and recycled in OCC (old, corrugated cardboard) or mixed wastepaper recycling programs.

Available in: 1L, 5L

Agar Cleaning Systems maintains Safety Data Sheets (SDS) on all its products. These sheets contain information that you may need to protect your employees and customers against health or safety hazards associated with our product. Agar Cleaning Systems recommends that you obtain a copy of the respective SDS sheet prior to using this product. The information in the Product Data Sheet is based on data we believe to be reliable. It is offered in good faith, but without guarantee, as conditions and methods of use of our product are beyond our control.
